EXAMINER'S AMENDMENT

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/30/07 has been entered.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification:

"ABSTRACT OF THE INVENTION" on the first line of page 75 was deleted and replaced with --- ABSTRACT --- .

The following is an examiner's statement of reasons for allowance:

The claimed polypeptide SEQ ID NO:2 is overexpressed in prostate cancer (see The Declaration by Dr. Biaoyang Lin of 08/27/03, especially table 1). The art does not teach or suggest the claimed polypeptide SEQ ID NO:2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
